

This is Aiden and Cora.

They are going to visit the dentist.

They go in the building and follow the footprints on the floor.

Cora opens the two doors.

Aiden and Cora play with toys while they wait.

Their mom talks to Miss Sue.

When it's Cora's turn, she sits in a special chair that lays down. She has her hands in her lap.

Cora opens wide when Dr K comes to check her teeth. Dr K uses a flashlight to see inside her mouth while Miss Irene types notes in the computer. Cora wears sunglasses.

Miss Irene cleans Cora's teeth with a special rotating toothbrush. It vibrates and tickles her teeth. Cora gets to hold a straw that sucks out the extra toothpaste. It makes a slurping sound.

Cora is feeling a little overwhelmed with all of the tools and raises her hand for a break. She closes her eyes and takes a few deep breathes. Then she's ready to finish.

Miss Irene uses a water squirter to rinse toothpaste off of Cora's teeth. Cora spits the water in the straw.

Then Miss Irene paints tooth vitamins on Cora's teeth to make them strong. They are sticky and sweet.

Aiden also lays down on the special chair and keeps his hands on his stomach. He can watch a movie and listen with headphones.

This is what he is sees when he lays down.

Aiden is curious about how the instruments will work and why Miss Robyn is using them. He asks Miss Robyn and she answers all his questions. Aiden is excited to see them all.

Everyone wears a mask and special gloves. Aiden opens wide when Miss Robyn counts his teeth with a small mirror and tooth counter. There is a flashlight to help Miss Robyn see in Aiden's mouth.

Miss Robyn cleans Aiden's teeth with a special rotating toothbrush. It vibrates and tickles his teeth.

Then Miss Robyn uses a water squirter to rinse toothpaste off of Aiden's teeth. Aiden spits the water into the straw. It makes a slurping sound.

Aiden has pictures taken of his teeth to make sure they are healthy.

A small piece of paper goes next to the teeth.

Aiden opens wide so Miss Robyn can put the paper in the right place.

He stays still like a statue for 3 seconds so the camera can get a good picture.

Aiden's picture of his teeth shows up on the computer. They look great!

Cora and Aiden get to pick new toothbrushes and stickers for being such great helpers.

While their Mom talks to Miss Debbie, Aiden and Cora pick out their balloon.

Good job Aiden and Cora!
