

# This is Sam and Harriet.

# They are going to visit the dentist.

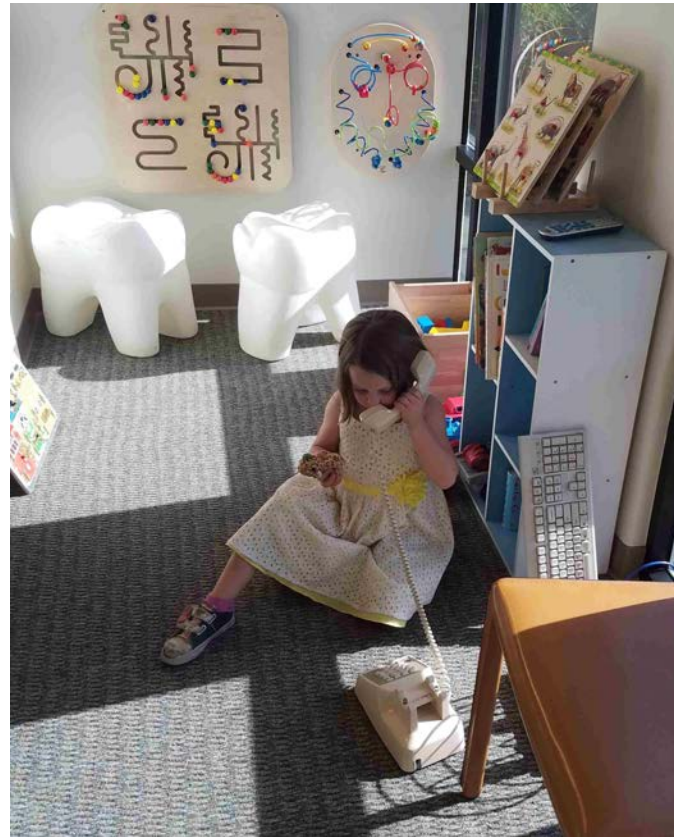

They go to the building

and open the two doors.

Sam and Harriet play with toys while they wait.

Then they follow the  
blue feet on the carpet.

When it's Harriet's turn, she lays down on a special bench. She has her hands in her lap. She wears sunglasses and listens to a movie.

Miss Robyn cleans Harriet's teeth with a special rotating toothbrush. It vibrates and tickles her teeth. Harriet gets to hold a straw that sucks out the extra toothpaste. It makes a slurping sound.

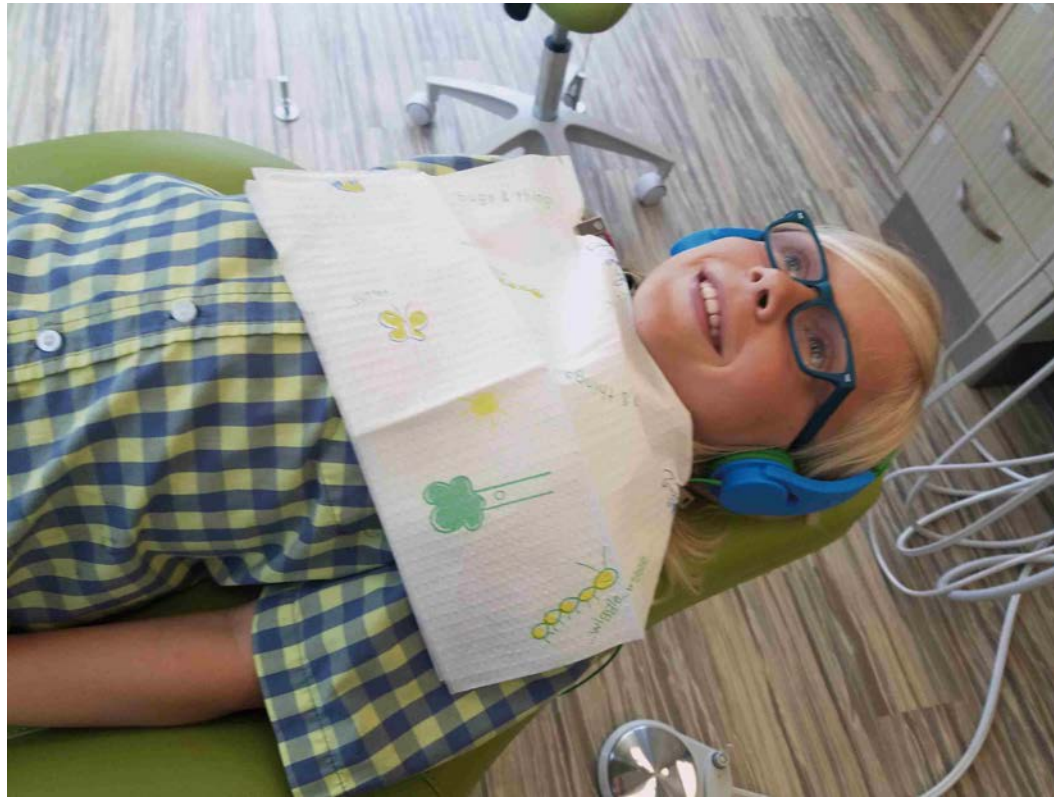

Harriet is feeling a little overwhelmed with all of the tools and raises her hand for a break. She closes her eyes and takes a few deep breathes. Then she's ready to finish.

Then Miss Robyn paints tooth vitamins on Harriet's teeth to make them strong. They are sticky and sweet.

Sam also lays down on the special bench and keeps his hands next to his sides. He can watch a movie and listen with headphones.

This is what he sees when he lays down.

Sam is curious about how the instruments will work and why Dr K is using them. He asks Dr K and she answers all his questions. Sam is excited to see them all.

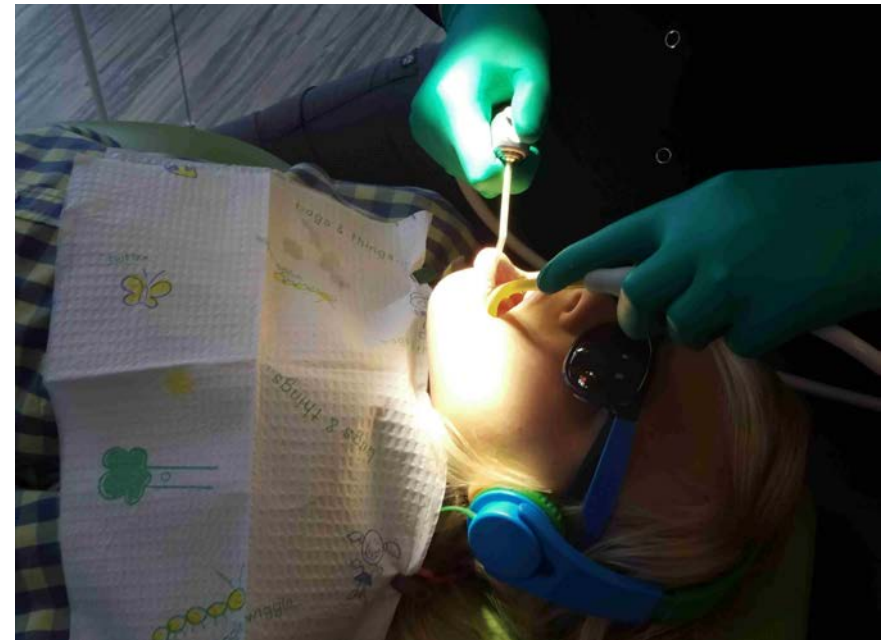

Everyone wears a mask and special gloves. Sam opens wide when Miss Bailey counts his teeth with a small mirror and tooth counter. There is a flashlight to help Miss Bailey see in Sam's mouth.

Miss Bailey cleans Sam's teeth with a special rotating toothbrush. It vibrates and tickles his teeth.

Then Miss Bailey uses a water squirter to rinse toothpaste off of Sam's teeth. Sam spits the water into the straw. It makes a slurping sound.

Sam has pictures taken of his teeth to make sure they are healthy.

A small piece of paper goes next to his teeth.

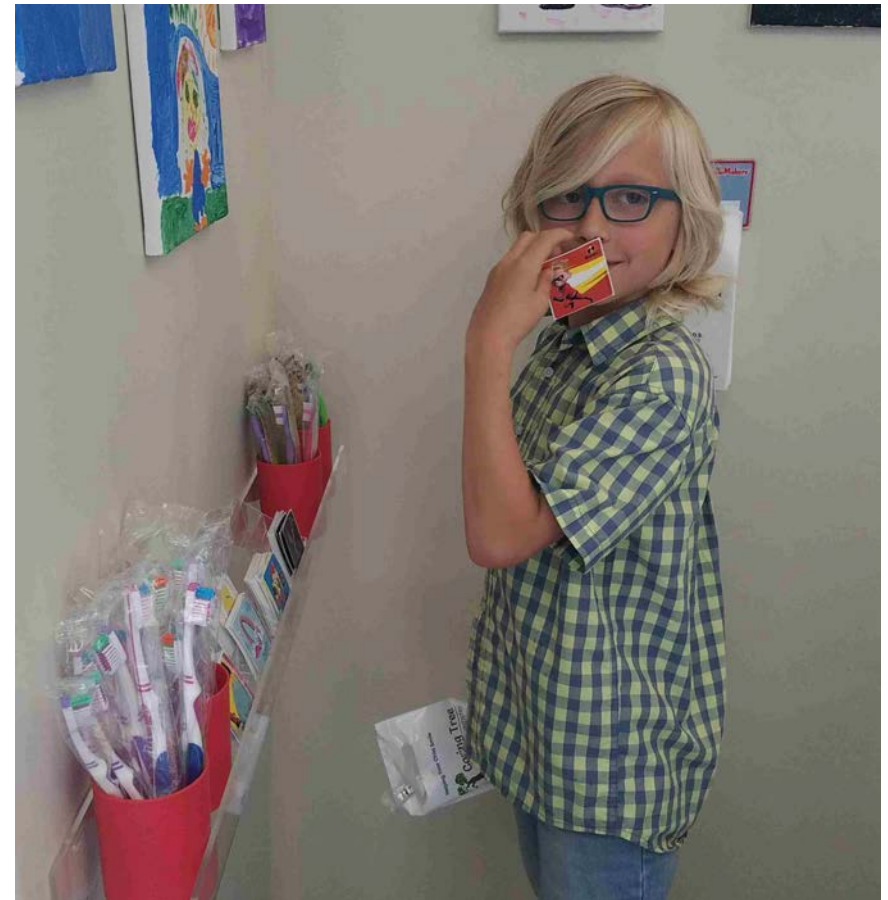

Sam opens wide so Miss Bailey can put the paper in the right place.

He stays still like a statue for 3 seconds so the camera can get a good picture.

Sam's picture of his teeth shows up on the computer. They look great!

Harriet and Sam get to pick new toothbrushes and stickers for being such great helpers.

While their Mom talks to Bill,  
Sam and Harriet pick out their  
balloon.

Good job Sam and Harriet!
